CURRICULUM NEWS

Dear Parents,

This past week during my President's Address, I discussed the recent happenings in curriculum at St. Thomas Aquinas Academy. I am very excited with the progress that has been taking place at both campuses with the Wilson Language "Foundations" and the Wilson Language "Just Words". Faculty has already noticed improvement in student achievement. However, based on some general concern from a few parents, I have decided to hold a **Curriculum Town Hall Meeting at the Peshtigo campus on Wednesday, October 28th at 6:00 pm.** Our St. Thomas Aquinas Academy Faculty will also be present with me. You will find attached a research article describing another look at spelling. Please continue to look for more articles as I continue to work with the Faculty and their efforts to improve student achievement.

I remain yours,
Joyful in the service of Christ,

Mrs. Jennifer A. Elfering
President of Systems
